

# **NEW** from **AGAR** **GENTEEL**

**Neutral Detergent for all carpets including wool and upholstery**

GENTEEL is a multi-functional product – can be used as a pre-spray prior to water-extraction, or as in-tank detergent in the hot water extraction method for cleaning carpet and washable upholstery.

- Conforms with AS3773 "Textile Floor Coverings..." for carpet cleaning chemicals
- Is safe to use on wool and sensitive washable fibres.
- Has excellent cleaning power.
- Is completely neutral pH.

GENTEEL is based on selected fast-reacting cleaning agents that possess low foam levels.

GENTEEL leaves the fibres feeling soft to the touch, its perfume dispels "wet carpet" odours and leaves a lingering pleasant rose perfume.

GENTEEL is neutral in pH, therefore it can be used repeatedly on wool fibres without risk of de-stabilising the bonding between the dyes and the fibres.

Carpets cleaned with GENTEEL have a very low tendency to attract dirt & re-soil.
